Report of the Heritage Walk

This was my first heritage walk trip and it was one of the best trip I ever visited. It was an awesome experience to see the beauty of heritage places and learn the new and surprising things about heritage places from our respected teachers.

We visited all three places including Jogeshwari Caves, Ismail Yusuf College, and Mural Painting wall.

At first, we visited the Ismail Yusuf College. Re. Kulparna madam told us about the history of the college, briefly she explained about building structure and who gave the contribution for it. She also told about the old map of college, what courses taught in the college. She told us there were many such students in the college, who went on to become great writers, actors, and chief ministers of Maharashtra, which stone was used for building's structure during the British era. Even after being a student of college for so many years, we did not know many things about the college, but we came to know because of Kulparna mam. After that we went to Jogeshwari Caves.

After that we went to Jogeshwari Caves, and Nimish Vishwasrao Sir told us very well about the history of Jogeshwari Caves. They told us that who built the caves, whose periods were made, there are statues of Lord Shiva and Parvati in that temple.

Sheetal madam told us the story behind it very nicely.

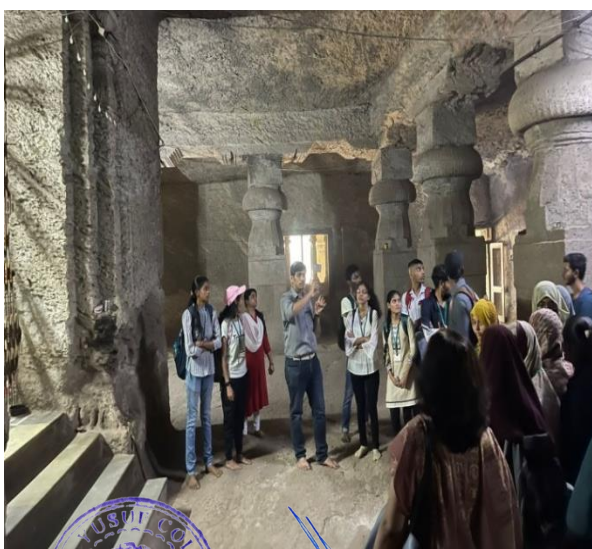

After that we went to Jogeshwari mural painting wall. We felt very proud because there was painting of our college 'Ismail Yusuf College' on that wall. There were also paintings of social workers. After that we clicked some pictures along that wall. After that we sat rest in the nearby garden and our teachers gave us snacks.

Thank you, Dr. Sheetal Panchikar, Prof. Kulparna Pawestkar, and Nimish Vishwasrao Sir for taking us to our college's heritage walk.
