**Mentor Mentoring Program**

**Academic year:2018-2023**

  
**PRINCIPAL**  
Government of Maharashtra's  
Ismail Yusuf College of  
Arts, Science & Commerce.  
Jogeshwari (East), Mumbai - 400 060

## **1. MEANING OF MENTORING**

### **What is the Mentoring Program?**

The mentoring programme is the programme initiated by the College with students who are looking for educational advice, career guidance and counseling in their academic and non academic aspects. It's a wonderful opportunity for the teachers to give guide students in right direction of their career path.

### **Who takes part in the program?**

Class in charges of respective class is given the responsibility of mentoring to their students in different areas as per the need of their students.

### **What do Mentors do?**

Mentors draw on their real-world experience to give students advice about making the right choices in college, solving their educational as well as personal problems, getting ahead in their careers and developing their personality and social skills. They serve as confidence boosters as well as role models.

Mentors act as sounding boards for their students and provide practical feedback. They share ideas, communicate knowledge, identify useful resources and help clarify educational and professional goals.

Mentors often take session with their students to understand their problems, giving possible alternative solutions, counseling them and guiding them in their career path etc. Mentors may also take their students to a special conference, a museum or a cultural event to introduce them to new experiences and broaden their horizons.

### **How much time does it take?**

Each relationship develops its own pattern, but as a general rule a mentor is asked to spend two to three hours a month with their student. The ongoing relationship is nurtured through phone calls and e-mail contact. Mentors are asked to conduct two interactive sessions in a month with mentees and also with parents if required.

  
**Government of Maharashtra's

Arts, Science & Commerce.  
Jogeshwari (East), Mumbai - 400 060.**

## 2. VISION & MISSION

### Vision

The mentoring program supports the college's goal of providing an education that helps students grow and succeed in a global world. It focuses on the overall development of students and connects them with the right resources, staff, and faculty to help them reach their academic and career goals.

### Mission :

- To provide quality education which aims at preparing students for the challenges of life
- To bring about an all-round development in the personality of the students.
- To identify and resolve the issues faced by individual students.
- To assist students in getting suitable placements.
- To promote sports and inculcate discipline amongst the students and help them to be physically and mentally fit.
- To encourage students to go beyond books and to make them globally competent.

  
Government of Maharashtra's  
Ismail Yusuf College of  
Arts, Science & Commerce,  
Jogeshwari (East), Mumbai - 400 060.

### 3. OBJECTIVES OF MENTOR

**objectives:**

- To guide and support students based on their individual needs.
  - To offer advice, share ideas, and give feedback.
  - To help with personal issues when needed.
  - To improve students' problem-solving and decision-making skills.
  - To create learning experiences that focus on the students.
  - To broaden students' knowledge and thinking.
  - To offer learning opportunities that help students grow intellectually, socially, and personally.
  - To teach practical knowledge and skills in commerce.
- 
- Help students with their unique needs by providing guidance and support.
  - Offer advice, share ideas, and provide feedback to assist students.
  - Aid in developing students' analytical skills and decision-making abilities while also offering support on personal matters.
  - Enhance students' learning experiences by providing diverse knowledge and fostering their intellectual, social, and personal growth in commerce studies.

### **Mentor Mentee Report: (2018-19)**

The mentoring system is introduced in the Institution with the sole purpose of catering to the needs of the students in the academic and personal level. The Institution Being Government College, most of the students are from economically weaker section of society lacking proper academic background and facing financial constrain. Mentoring system In the Institutes provides support to the students through advice and counseling, through friendship building, through re-enforcement and constructive role modeling. Thus, mentoring expands beyond teaching to advancement in the educational and personal growth of the mentee.

Doubt clearing in the studies. Understand their problems and give them solution.

Identified slow learners and provide them support and help to motivate them.

Mentors discussed career objectives and gave insights into personal development plans.

Background information about students' academic performance and financial situations was collected for better understanding.

Mentors organized participation in extracurricular activities according to students' abilities.

Mentees were encouraged to visit the library and explore books, with a few class-level activities also being organized.

### **Mentor Mentee Report: (2018-2019)**

An effective mentoring system was implemented within the college with full cooperation from the faculty. Each mentor was allocated mentees, and guidelines were provided for the mentorship journey. Notable achievements were as follows:

Mentors offered holistic guidance by addressing both academic and personal concerns.

Mentees facing academic stress were given confidence boosts through consistent motivation.

Career counseling and life-skill advice were made available to mentees for better future planning.

Mentors collected comprehensive data on students' backgrounds to tailor their guidance.

High achievers and slower learners alike were motivated to pursue personal growth.

Mentors facilitated student participation in relevant activities to hone their talents.

### **Mentor-Mentee Report: (2019-20)**

A robust student mentoring program was carried out in the college, actively involving faculty members who guided their assigned mentees. Outcomes included:

Mentors provided emotional and psychological guidance to students alongside academic advice.

Stress relief and motivational strategies were provided to students struggling with coursework.

Mentors helped mentees clarify their future career paths and advised them on personal development.

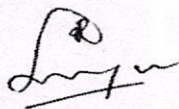

Socio-economic data was gathered to better assist students according to their backgrounds.

Both high-achieving and slower-learning students were encouraged to excel in their academics and other activities.

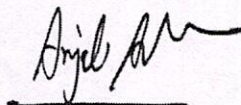

Mentors supported student participation in activities that matched their unique talents.

Regular meetings took place both online and in-person to ensure continuous mentoring.

Students were encouraged to get vaccinated and were provided tips for better focus, memory, and exam performance.

### **Mentor-Mentee Report: (2019-20)**

The student mentoring system was successfully executed with committed participation from the teaching staff. Mentors worked closely with their assigned mentees, resulting in these achievements:

Mentors offered a safe space for students to discuss their personal and academic struggles.

Students facing academic stress were given strategies to manage pressure effectively.

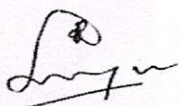

Mentors advised students on future career planning and personal goals.

Background information, including socio-economic status and past academic performance, was used by mentors to better understand mentees.

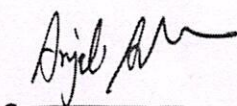

High-achievers and slower learners were encouraged and motivated based on their individual progress.

Students were guided toward participating in activities aligned with their interests and strengths.

WhatsApp groups ensured students stayed informed about important college updates, exams, and activities.

### **Mentor Mentee Report: (2020-21)**

During the academic year, a student mentorship system was actively promoted. Mentors were assigned to mentees, with a clear framework established to support students holistically.

Achievements included:

Mentors provided emotional and psychological assistance to students in addition to academic help.

Mentors helped students who struggled with academic stress by providing consistent encouragement and motivational talks.

Mentors advised students on career planning and personal growth opportunities.

Socio-economic data and past academic performance were compiled to offer tailored support.

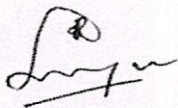

Mentors helped both high achievers and slower learners develop their skills at their own pace.

Mentors encouraged students to participate in extra-curricular activities suited to their talents.

Meetings were conducted both online and in-person as needed.

Regular updates were shared through WhatsApp groups regarding lectures, exams, and college events.

Students were guided to get vaccinated and participated in mock exams, with tips provided for better exam performance and memory retention.

### **Mentor-Mentee Report: (2020-21)**

The mentorship system implemented in the college saw active involvement from teachers who were assigned groups of students to mentor. Significant outcomes were as follows:

Mentors gave mentees personalized support in handling both personal and academic challenges.

Struggling students were encouraged to cope with academic stress through motivational and coping strategies.

Mentors helped mentees formulate career goals and develop personal growth plans.

Mentors collected detailed information on students' backgrounds to provide customized support.

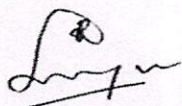

Both high-performing and slower students were encouraged to strive for self-improvement through motivation and encouragement.

Mentees were prompted to participate in co-curricular and extracurricular activities that matched their interests and abilities.

Online and offline meetings ensured consistent interaction between mentors and mentees.

WhatsApp groups were used for updates about lectures, exams, and extracurricular events.

Mentors encouraged students to get vaccinated, prepare for exams, and utilize techniques for improving focus and memory.

### **Mentor Mentee Report: (2021-22)**

A student mentoring system was implemented in the college with active involvement from the teaching staff. Mentors were assigned specific mentees, and the goals and guidelines for the mentoring process were provided. Mentors conducted some activities for their mentees, which led to the following achievements:

- Mentors offered guidance and support to students beyond their academic responsibilities, assisting with personal and psychological issues.
- Mentors helped struggling students manage academic stress by offering motivation and encouragement.
- Mentors provided advice to help students achieve their future career goals and personal development.
- Mentors collected information about their mentees to better understand their socio-economic backgrounds and previous academic records.
- Mentors encouraged both high-achieving and slower learners, offering motivation tailored to their individual progress and needs.
- Mentors motivated students to participate in different activities according to their talents, abilities, and development.
- Mentor-mentee meetings were conducted on online mode.
- Mentors ensured students received updates regarding lectures, the Learning Resource Center, extracurricular activities, administrative notices, and examinations through the creation of WhatsApp groups. Mentees were encouraged to reach out for support whenever needed.
- Mentees were urged to get vaccinated for COVID-19 and to attend in-person classes while following safety protocols. They were also guided to take part in mock exams for online assessments.

## Mentor Mentee Report: 2021-22

The college's student mentoring program involved active participation from faculty members. Mentors were assigned specific mentees, and clear objectives for the mentoring process were outlined. Through regular interactions, mentors achieved the following:

Mentors provided personal and emotional support to students, helping them overcome difficulties beyond academic matters.

Students dealing with stress related to academics received timely motivation and encouragement from their mentors.

Career guidance and advice were given to mentees, assisting them in planning for their professional and personal growth.

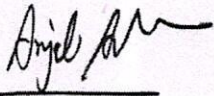

Socio-economic data and academic history were gathered by mentors to better assist students.

Mentors encouraged both high-performing and slow-paced learners to strive for improvement in line with their individual abilities.

Online mentor-mentee meetings were conducted to ensure continuity.

WhatsApp groups were created to keep students informed about classes, exams, events, and other updates.

Students were encouraged to get vaccinated and were guided for online exams.

### **Mentor-Mentee Report: (2022-23)**

In the college's student mentoring program, faculty members were involved as mentors and assigned specific mentees. This resulted in the following key outcomes:

Mentors provided emotional and academic support, guiding students through personal issues.

Mentors helped students manage academic-related stress through ongoing motivation and confidence-building strategies.

Career guidance was provided to students, helping them plan for the future and their personal development.

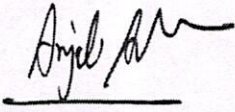

Mentors collected data on students' backgrounds to give better guidance.

Students of all performance levels were motivated to keep improving academically and personally.

Mentors encouraged participation in activities that aligned with students' skills and talents.

Regular mentor-mentee meetings took place both online and offline to maintain contact.

Communication through WhatsApp groups kept mentees updated on lectures, events, and exams.

### **Mentor Mentee Report: (2022-23)**

The mentoring system was successfully implemented, with faculty members actively engaging as mentors for students. The following key achievements were observed:

Mentors extended support beyond academics, addressing the personal and psychological needs of students.

Academic stress was mitigated for struggling students through motivation and strategic encouragement.

Mentors offered career advice and supported the personal growth of students.

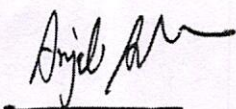

Data regarding students' socio-economic and academic backgrounds was gathered for a tailored approach.

High-achievers and slower learners alike were motivated according to their capabilities.

Students were encouraged to participate in activities that matched their skills and development.

Both online and offline meetings kept mentors and mentees connected.

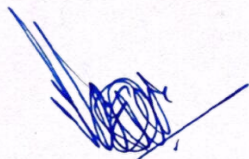

WhatsApp groups ensured regular communication and updates on academic and extracurricular events.
