Report on workshop on "How to Handle Smartboards"

Date: 03rd February 2024

Time: 1:30 P.M.

Venue: Room No. 305

Number of Faculty: 17

Resource Person: Mr. Obaid Sir

Introduction:

The workshop on "How to Handle Smartboards" was organized on 03rd February 2024 at 1:30 P.M. in Room No. 305. The workshop aimed to equip faculty members with the necessary skills and knowledge to effectively utilize smartboards in their teaching sessions.

Workshop Agenda:

Introduction to Smartboards
Understanding Smartboard Features
Practical Demonstration
Interactive Session
Q&A Session

Workshop Proceedings:

The workshop commenced with a warm welcome to all faculty members by the organizing committee. Mr. Obaid Sir, an expert in educational technology, led the session. He began by providing an overview of smartboards, highlighting their significance in modern education and their potential to enhance teaching effectiveness.

Following the introduction, Mr. Obaid elaborated on various features and functionalities of smartboards, including touch-screen technology, interactive software, and multimedia integration. He demonstrated how these features could be utilized to create engaging and interactive learning experiences for students.

The practical demonstration session was particularly insightful, as Mr. Obaid showcased different techniques for creating interactive presentations, annotating content, and incorporating multimedia resources. Faculty members actively participated, experimenting with the smartboard functionalities under guidance.

During the interactive session, attendees had the opportunity to share their experiences, ask questions, and seek clarification on specific aspects of smartboard usage. Mr. Obaid addressed each query comprehensively, providing practical tips and solutions.

Outcome:

Enhanced Understanding: Faculty members gained a deeper understanding of smartboard technology and its potential applications in the classroom.

Skill Development: Attendees developed practical skills in operating and utilizing smartboards effectively for teaching purposes.

Increased Engagement: The workshop fostered a sense of enthusiasm and confidence among faculty members to incorporate interactive teaching methods using smartboards.

Collaboration: The interactive nature of the session facilitated knowledge sharing and collaboration among participants, fostering a supportive learning environment.

Conclusion:

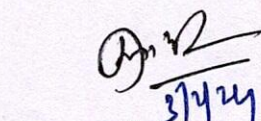

The workshop on "How to Handle Smartboards" was a resounding success, thanks to the active participation of faculty members and the expert guidance provided by Mr. Obaid Sir. It served as a valuable platform for professional development, equipping educators with the tools and knowledge necessary to leverage smartboard technology for enhanced teaching and learning experiences.
